2.	The IPS should consider introducing a system whereby the TR form is printed from the PIMS when the person on TR arrives at the prison to sign on. When the form is signed and witnessed it is immediately scanned and recorded on PIMS.	Partially accepted	TR forms are printed in bulk, it would not be feasible to print each form as the prisoner arrives at the prison. The form is signed and witnessed. Operations will include the process of the scanning of all RTR forms and recording on PIMS in the RTR circular to be issued.	Operations	June 2021
