No.	IOP Recommendations	Irish Prison Service Response	Action Required	Action Owner	Timeline
1.	It is recommended that a review of the current practice regarding a three person hospital escort be undertaken having particular regard to end of life hospital supervision. The review should consider the need for a risk assessment of the person to be hospitalised.	Not Accepted	In accordance with the Irish Prison Service “Escorting of Prisoners Standard Operating Procedures” a hospital escort can consist of 2 or 3 Officers. Decision making in respect of the appropriate staff compliment is a matter for local management taking into account the risks involved in the specific escort. On this basis, the Irish Prison Service does not believe that there is a necessity to reive the escort guidelines at this time.	Operations	N/A
